Electricity Price (Residential)	**Average monthly use:**	**500 kWh**	**1000 kWh**	**2000 kWh**
	Average price per kilowatt-hour:	17¢	17¢	17¢
	The average price per kWh is based on the usage levels shown above and includes the following components of the price: • Energy Charge: 17¢/kWh. This includes all supply and applicable Transmission and Distribution Service Provider(TDSP) delivery charges as established by the Public Utility Commission of Texas (PUCT). The total energy charges on your 12th full monthly invoice will be credited to your account. Depending on your utility meter read cycle, the full month credit may not follow the calendar months. The bill credit will be forfeited by the customer if 1) There is a past due account balance at the time credit is applied, 2) the customer terminates the contract early, or 3) the customer changes to a different plan before a credit is applied. Bill credits cannot be used toward deposits. The bill credit cannot be exchanged for cash or gift cards. Your average price for electric service will vary according to your monthly usage. The average price per kWh does not include JustGreen charge. The price does not include federal, state, or local sales taxes or fees, reimbursement for the state miscellaneous gross receipts tax, other government charges, or all other non-recurring fees. Some locations may be subject to a TDSP Underground Facilities and Cost Recovery Charge authorized by their city that is not included in the total average price shown. For more details, see the TDSP service tariff for a listing of cities and authorized charges.
